# BURN

FROM EXECUTIVE PRODUCER DENIS LEARY

**BURN** is an action-packed documentary about Detroit, told through the eyes of Detroit firefighters.

But **BURN** isn't just about Detroit firefighters. It's about ALL national first responders, whose budgets are on the chopping block. It's about the people you hope will make it to YOUR house when there's a fire.

**BURN** is not fully funded for release. With your help, we can get **BURN** finished and in front of a wide audience, who can change the conversation for this country's first responders.

Produced & Directed by Tom Putnam & Brenna Sanchez
